Tujage's Sign at Risk

This week, [NOLA.com](#) ran an article on the attempted alteration of the historic Tujage's restaurant sign at 823 Decatur by property owner Mike Motwani. The proposed change comes after Tujage's [vacated the space](#) last year. VCPORA Executive Director Erin Holmes weighed in on the proposal, calling it a "wholly inappropriate reinterpretation of a historic landmark."

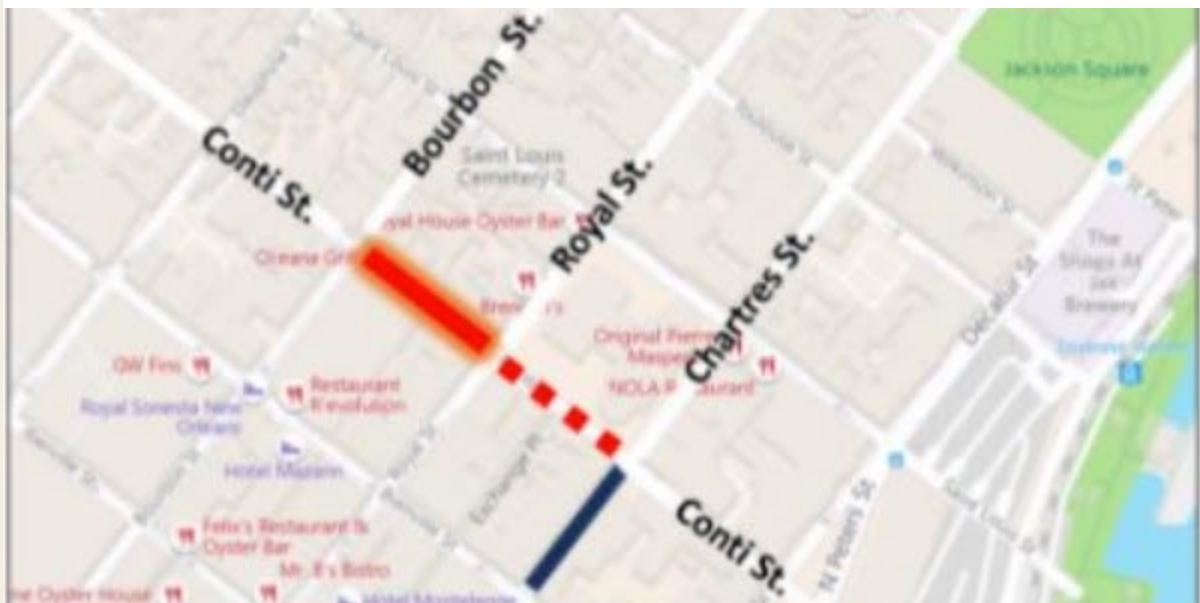

The Vieux Carré Commission thankfully agrees, noting that the famous neon sign cannot be altered because it is a non-conforming grandfathered element. The VCC has also approved the new Tujage's location to produce a replica. We will provide updates on the future of the original sign as details become available.

French Market Overlay Passed

City Council passed [two measures](#) establishing the French Market Overlay District, which will allow for expanded hours of operation in the Public Market and permit pedestrian-scaled signage to guide visitors through the area. The French Market is now permitted to operate a produce and seafood market beginning at 4:00 a.m. and an evening market until 10:00 p.m. Sundays - Thursdays, or until 11:00 p.m. Fridays - Saturdays.

Any indoor or outdoor live entertainment is prohibited beyond 8:00 p.m. The new overlay also permits individual tenants to apply for vendor signage within the Market, pending approval by the Vieux Carré Commission. Read more about the regulations [here](#) and [here](#).

Royal & Conti Closure Extended

The temporary closure at Conti and Royal streets will be extended until mid-June as crews continue upgrading the utilities underneath the intersection. Crews are working up to seven days each week from 8 a.m. until sunset. Once construction is completed, the fence will be removed, and work will begin on the adjacent sidewalks.

This work is part of the [Conti Full-Depth Reconstruction Project](#), which also closes the 700 block, 600 block, and 300 block of Conti to vehicular traffic daily. The entire project is anticipated to run through winter 2021, approximately four months per block. Questions about this project or RoadworkNOLA's Capital Improvement Program should be directed to (504) 658-7623 or roadwork@nola.gov.
