

Graffiti is frustrating for everyone, but especially for property owners in the French Quarter. We've created this quick guide to help make it easier and faster for you.

Vieux Carre Graffiti Abatement Program

We are so sorry this happened.

Report

What To Do

- Did you know that removing graffiti quickly often deters taggers from coming back?
- Rinse with garden hose and mild soap
- Report it to VCC and VCGAP
- Select the most appropriate product for your needs. If masonry, a poultice type of cleaner is generally preferred, similar to Peel Away products
- Get your permit. The VCC will recommend approved products. Permits are reusable as written (you don't have to keep reapplying for the same problem).
- Follow product directions or hire a skilled contractor

React

Best practices for preservation from NCPTT

- First and foremost: Do No Harm
- Retain the historic fabric and original material
- Minimally impact original materials
- Help maintain and protect the resource

Laws

It is illegal to deface with graffiti any structure located within a National Register Historic District - RS 14:56.5

Rules

Vieux Carre Commission (Permit Required)

Wood

- Graffiti on a wood surface should be primed and painted as noted in Repainting, [page 09-2](#)

Masonry

- Graffiti should be removed quickly to prevent it from permanently adhering to masonry (Prompt removal is a City requirement)
- Removal technique depends on type of masonry materials

Permits

- Get yours at: <https://onestopapp.nola.gov/>
- Watch a Paint Permit How-To Video at: <https://bit.ly/paintpermit>

Contractor

Todd Bourges | Calypso Exterior Cleaning
